To whom it may concern,

When my company needed an english speaking Sales Manager in Mexico, PLA took care of business.

I want to thank Steve for taking over our sales vacancies within OVERCOME. We were struggling to find a suitable Sales Manager for our Medical APP Project throughout Mexico and Europe. It took us 2 years to finally get what we were looking for until we were cooperating with Steve (PLA)

Steve made the process very easy delivering high quality candidates and kept us up to date with regular communication. PLA have been an absolute pleasure to deal with and we will look to our new partners PLA to help our business grow in the near future. Thank you again to Steve and the Prescott & Lockwood team!
